ORDER

THIS MATTER is before the court on defendant's pro se Motion for Early Termination of Supervised Release. Despite submitting 12 pages of legal argument, defendant has failed to show that he has been compliant with the conditions of supervised release by obtaining from his supervising officer a letter of support. This court will not grant such relief unless such motion reflects successful participation and consultation with the United States Attorney. Having considered defendant's pro se motion and reviewed the pleadings, the court enters the following Order.

ORDER

IT IS, THEREFORE, ORDERED that defendant's pro se Motion for Early Termination of Supervised Release (#638) is DENIED.
